

PERSONAL GOAL: Be an integral part of something my kids could never live without

WORK EXPERIENCE:

Meta, React

Mar 2017 - Present

- Drove React and React Native's strategic direction, adoption across Meta, open-source health, and industry partnerships for over nine years across senior IC and engineering management roles
- Repeatedly expanded React into important new areas by identifying new opportunities, validating them through hands-on technical work, and built the teams and partnerships needed to scale them
- Frequent industry speaker. Ex: [link](#), [link](#), [link](#), [link](#)

Senior Staff Software Engineer

Feb 2024 - Present

- Embedded with Llama LLM post-training team as a web domain expert. Created training datasets, build pipelines, and evals
- Made internal mobile apps practical at Meta for rapid prototypes, experiments, and vibe coding; grew the effort from one to 30 contributors within months
- Founding Tech lead of the [Facebook and Instagram apps for Meta Quest](#)
- Responsible for Meta and industry alignment on [Expo as the way to get started with React Native](#)

Senior Engineering Manager

Feb 2023 - Feb 2024

Engineering Manager

Jan 2020 - Feb 2023

- Built an organization up from 0 to 25 people spanning 3 teams; Desktop, VR/AR, and DevX
- Led React ecosystem partnerships, documentation strategy, and developer advocacy, aligning Meta's technical roadmap with external companies (Microsoft, Amazon, etc) and the open-source community
- Rallied Meta and the industry around a [vision and strategy](#) for many platforms and code sharing. Led to significant product development acceleration at Meta

Senior Software Engineer

Mar 2017 - Jan 2020

- Led cross-company initiatives improving mobile release velocity and reliability, and responsible for core React Native architectural improvements in JavaScript.

Wealthfront, Web Infrastructure Lead

Dec 2014 - Feb 2017

- Led rewrite of wealthfront.com from legacy Rails, custom CSS, and jQuery soup, to modern React/component based system
- Worked closely with VPE and CTO on team building, branding, hiring, and team education

Airbnb – Front End Engineering Intern

2013

Google – YouTube for Xbox – Software Engineering Intern

2012

Microsoft – ASP.NET Intern, Applied Sciences Research Intern

Jan 2011 - Jun 2012

Teridian Semiconductor – Software Engineering Intern

2010

Power Software – Developer Lead

Jun 2004 - Oct 2008

EDUCATION:

University of Washington, Seattle, WA

BS in Computer Science

ADDITIONAL: Drumming; live jam sessions and rhythm games (Rock Band/Guitar Hero) · Eagle Scout
